MEMORANDUM FOR: Director of Training

SUBJECT : Weekly Activities Report
17 - 21 May 1971

GENERAL

1. We have video taped approximately 50% of the first week of the COS Seminar for future tutorial use, omitting those cases where the speaker was reluctant to be televised or where a face-to-face briefing of an outgoing COS would be more desirable. These tapes will be held under my strict control and will not be used without my approval.

4. On 19 May [redacted] made a half-day presentation on "Clandestine Operations" to eight students in the IWA course, at their request. The film "Ring of Treason" was used as a vehicle for discussion of Soviet Illegals, and as an introduction to some of the basic principles of clandestine operations. The students demonstrated considerable interest and recommended that such coverage be provided in future IWA courses.
